"The Road Ahead..." From President Barack Obama

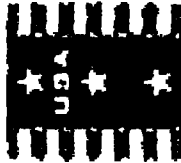

Dear Marion LaTroy Williams, Once again, I call upon you for your support to help get the vote out for 2012. Please double your efforts. This is our moment. This is our time--to put our people back to work and open doors of opportunity for our kids; to restore prosperity and protect the cause of peace; to reclaim the American Dream; and to reaffirm that fundamental truth--that out of many, we are one; that while we breathe, we hope and where we go, we go together, and where we go, we go together.

protect a vision of the future that's based not just on our fears, but also on our hopes-- a vision that recognizes the real dangers that exist around the world, but also the limitless possibilities of our time. No longer will our country be defined by the voices of thousands of pale-faced Americans who were leeches to leave the military regardless of their debt, no matter their timidity or their greed, no matter their years of exemplary performance because they happen to be gay. No longer will tens of thousands of Americans in uniform be asked to live or look over their shoulder, in order to serve this country that they love... For we are not a nation that says, 'don't ask, don't tell.' We are a nation that says 'Out of many, we are one.' We are a nation that welcomes the service of every patriot. We are a nation that believes that all men and women are equal. These are the ideals that generations have fought for. These are the ideals that we uphold today.

The Road Ahead...

We will move forward together, as not at all-- for the challenges we face are bigger than party, and bigger than politics. At stake right now is not who wins the election... As much as we want to see our country prosper, as much as we want to see our country prosper, it's whether the best work and industry of our people is rewarded. It's whether we sustain the leadership that has made America not just a place on the map, but a light to the world.

Sincerely,

President Barack Obama
